

**Woodrow Wilson Middle School
Mr. Mack; General Music and Choir
August 31, 2009**

**About Me Poster: Music Edition
Due Friday, September 11**

Assignment Description

You will create a poster sharing your musical tastes with the class. The poster should include pictures of your favorite musicians, composers, instruments, and/or albums. You might also want to list a few songs that are on your computer or iPod at home if you have these things. You may also include photos of you performing, concert programs from concerts you attended or performed in, etc.

Materials to Use in Creating Your Poster

You will use one piece of 8.5 x 11" cardstock. I will give you this but you will get only one piece from me so use it carefully. If you lose your cardstock or need to start your poster over again, you must buy your own replacement piece of cardstock.

You may use photographs, drawings, magazine clippings, or any other printed media for your illustrations.

Presentation of Your Poster in Class

On Friday, September 11, we will spend the class period presenting our posters to each other. The presentations will last only about one minute but must contain the following:

Choose three of the artists on your poster and tell the class a little about their background. The internet is a great resource for this information. Check Wikipedia and www.allmusic.com. You must also tell the class *why* you like the artists you chose. Saying "he/she/it is cool" is not an acceptable reason for liking someone or something.

Grading

Full points will be given for posters that are neat, colorful, contain at least six items, and show some obvious care and attention. I do not expect you all to be excellent artists but I do expect you to show your best effort.
